**NOCTURNE**

NOCTURNE—Pat. 713. All -America winner for 1948. Now voted one of top ten AARS winners. (For description see page 6.)

SUTTER'S GOLD—Pat. 885. Top International award winner. AARS for 1950. (For description see page 9.)

Red Shades

PATENTED

APPLAUSE — Pat. 829. Won 1947 Bagatelle Gold Medal. Is a brilliant light red in color with yellow base on each petal when opened. Flowers are often 5 inches across, and are pleasantly fragrant. Performs exceedingly well in all climates. Is free-branching and mildew resistant. Our choice in this color as a tree.

BRAVO—Pat. 983. Rich, brilliant cardinal. Color lasting and unfading. Very free bloomer. Petals slightly ruffled. An Armstrong introduction of 1951.

Red Shades

PATENTED

CALIFORNIA CENTENNIAL—Pat. 953. An H. & S. introduction for 1949. Vigorous, upright, dark green leaves, long pointed buds, large petaled flowers of a glowing rich crimson. Does not blue. Exceptional.

CHARLOTTE ARMSTRONG—Pat. 455 (AARS). Carmine red buds open to magnificent blooms of vivid cerise. Long stemmed vigorous grower. Still ranks tops. One of "top ten." All time AARS winner.

CRIMSON GLORY—Pat. 105. Long-time leader in red rose class. Deep, velvety crimson with shadings. Urn-shaped buds. Very vigorous.

GOLDEN RAPTURE

(See page 12)

Red Shades

PATENTED

FANDANGO—Pat. 894. Of all the roses we grow this one comes into bloom earliest in spring. A big, vigorous, glossy foliaged plant, the color is a rich deep scarlet in bud, which opens to a bright red cerise red flower. The petals have a ruffled crisp appearance which adds to its beauty. Mildly fragrant. Similar, but darker than Guillot. An Armstrong introduction last season.

GRAND DUCHESS CHARLOTTE—Pat. 774 (AARS). Rich claret color, changes to rose as it opens. Big, strong, free branching plant, lovely fragrance.

HEART'S DESIRE—Pat. 501 (AARS). Beautiful red with long unfurling petals; deep red heart and exquisite fragrance. Vigorous grower. A "must have" every year.

MIRANDY—Pat. 632 (AARS). Gorgeous, Armstrong creation, won All-American Award for 1945. Big buds are rich red with black shadings. Most extraordinary feature is marvelously delicious damask fragrance.

NEW YORKER — Pat. 823. Immense, high-centered blooms of velvety scarlet. Delightful fruity fragrance. A very vigorous grower. Jackson & Perkins introduction.

NOCTURNE—Pat. 713 (AARS). Color is bright cardinal-red with dark shadings. Stems are long, foliage luxuriant, sturdy grower. By Armstrong.

SAN FERNANDO—Pat. 785 (AARS). A grand new red rose with lasting fragrance. Buds are long and pointed. Vigorous grower, disease resistant, long stemmed. Improved Heart's Desire.

TEXAS CENTENNIAL—Pat. 162. Sport of rose Pres. Hoover. Color brick-red turning to cerise-red with age. Free flowering and vigorous.

TOM BRENEMAN—Pat. 986. The happiness, laughter and gayety that Tom Breneman brought into the world over the radio is exemplified in the new rose which bears his name. Every bud and flower is full of vigor and color. The plants are rugged, the color is a beautiful coral and the flowers long lasting. Very fragrant. Howard & Smith seedling.

Red Shades

NON-PATENTED

CHRISTOPHER STONE. This rose is very popular for its freedom of blooms and its beautiful color, having large heavy foliage.

ETOILE DE HOLLANDE. Velvety dark crimson, fragrant. The choice in standard reds.

Red Shades

NON-PATENTED

HADLEY. Velvety rich crimson flowers, attractive long stems.

McGREDY'S SCARLET. Excellent formed flowers of variable scarlet, grows vigorously. Blooms freely.

NIGHT. The buds and flowers are well shaped and quite double and fragrant. Darkest of all reds.

RED HOOVER. Popular red, variation of Pres. Hoover.

RED RADIANCE. Vigorous glowing crimson sport of Radiance.

RED TALISMAN. Considered one of the best sports of Talisman now on the market. Long stems and pointed brilliant red buds. Vigorous grower and very fragrant.

SOUTHPORT. Always full of perfumed flowers. Perfect buds opening into a lovely loose flower.

Pink Shades

PATENTED

CAPISTRANO—Pat. 922. AARS for 1950. Rich, deep, glowing rose-pink in the bud and open flower. Leathery foliage.

FIRST LOVE—Pat. 921. Each long, slender, urn-like bud is borne on a single stem. Light rose-pink in color, shading to dawn-pink. Vigorous and free branching.

MISSION BELLS—Pat. 923. AARS for 1950. Deep salmon pink. Coppery green foliage. Spreading habit of growth. Excellent for tree rose.

SANTA ANITA — Pat. 539. Flowers and buds are beautifully shaped on smooth long stems. Color is glowing rose-pink. Bright green foliage.

SHOW GIRL—Pat. 646. Strong growing upright bush, beautiful long buds are deep rose-pink. Long lasting cut flower.

SYMPHONIE—Pat. 958. New hit for 1951! Deepest carmine-pink over a crystalline silvery tint. Beautifully veined. Wonderful grower.

CHARLOTTE ARMSTRONG

CHARLOTTE ARMSTRONG—Pat. 455. Voted one of best ten AARS winners. Armstrong Nurseries. (For description see page 5.)

PICTURE

(See page 9)

Pink Shades

NON-PATENTED

COUNTESS VANDAL. Prolific, long-stemmed, and fragrant. A good bouquet rose. Colors range from coppery bronze to a pale carmine pink.

IMPERIAL POTENTATE. An old favorite that is still one of the darkest shades in pink-excellence; mildew-free, leathery foliage.

J. OTTO THILOW. Perfect buds and flowers, rich rose pink. Very vigorous.

LOS ANGELES. Extremely vigorous trees, have silvery coral pink flowers.

PICTURE. A rose that is a picture, every bud perfectly formed and with a cheerful glowing shade of light rose pink. Very popular.

PINK DAWN. Perfectly formed deep rose-pink, toned orange. Heavy growth, long stems.

PINK RADIANCE. Varied hues of silvery pink, bushy foliage.

ROSE MARIE. Double, cupped rose-pink blooms.

THE DOCTOR. Silvery pink. Buds are long and pointed. Intense fragrance. Received Gold Medal at National Rose Society Show at London. A Howard & Smith introduction.

Clear Yellow

PATENTED

BUTTERSCOTCH—Pat. 613. “Nothing like the color of butterscotch has so far been seen in roses”; exceptional form. Excellent as tree rose.

DEBONAIR—Pat. 677. Outstanding yellow. Delightful old-time rose fragrance, vigorous tree. Mildew resistant foliage. Armstrong seedling.

ECLIPSE—Pat. 172. Long-pointed buds of deep gold. Fine cut flower. Dark leathery foliage.

LOWELL THOMAS—Pat. 595 (AARS). Buds on long stems are of a deep golden yellow. Large, robust plant. Does well in cool or hot weather. Won All-American Award.

MME. CHIANG KAI-SHEK—Pat. 664 (AARS). Long spiral buds open to light clear canary yellow flowers of perfect proportions. Vigorous grower, long stemmed. Tops for form.

PEACE — Pat. 591 (AARS). Winner of All-American Award. Unique in color, rich yellow buds opening to soft yellow, each petal edged in cerise pink. Flowers are huge, long lasting when cut. Plants are vigorous with shiny green foliage.

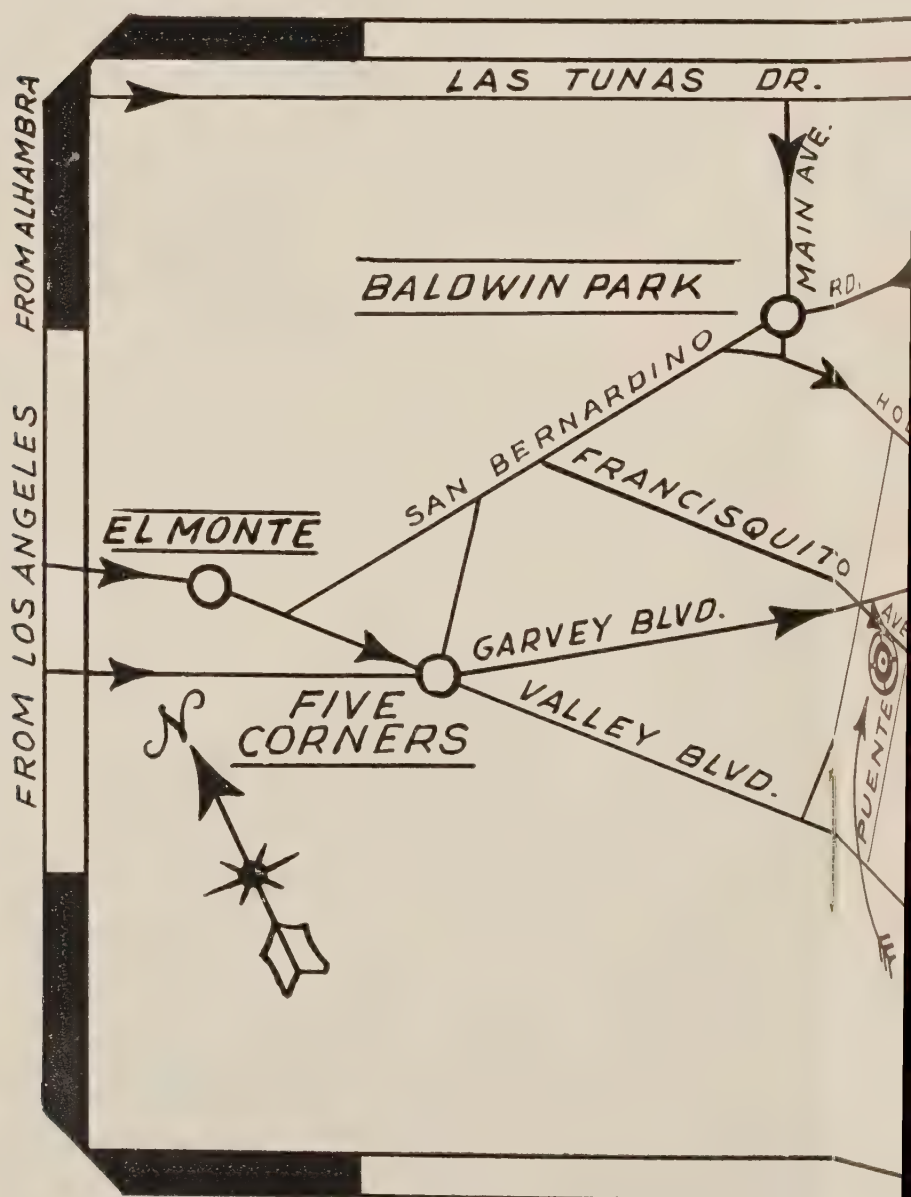

SUTTER’S GOLD—Pat. 885 (AARS). AARS and Bagatelle awards. Long-pointed yellow bud. Richly shaded with orange and red. Large glossy leaves. Tea fragrance.

"SNOW-FIELD" the Hallmark

"*Snow-Field*" Quality TREE ROSES are stocked by most well known growers a quarter of a century, and for many years being the largest growers special order. In our thirty-second year, supplying the nurseries with the most complete line of stock obtainable.

Our observation has proved to us that rose stocks quoted at low prices are not to be trusted. If these plants can be counted on to produce low grade results, more often than not, they will be a disappointment to the gardener. Good TREE ROSES can not be produced by "week-end" amateur growers. The amateur grower pays a little more for first quality, with its resulting heavy heads, but is well reimbursed for the small extra cost. "Snow-Field" TREE ROSES are a good example of this. It is that a program of fertilizing, periodic spraying, and careful plant culture is necessary to produce first quality.

To Guide You to Snow-Field

1511 N. PUENTE AVE.

well known nurseries. Growing roses extensively for well past the largest growers specializing in TREE ROSES exclusively, we are, in this, the most complete list of varieties as well as the best selection of quality

stocks quoted at low prices (cut-rate), are in reality lower grade plants, and the results, more often than not leading to disappointment to the flower grower, are produced by "week-end" and "back yard" cultural methods. So, when the customer receives heavy heads, large sturdy stems, and vigorous root systems, he is assured that the TREES and ROSES are produced with this in view; grown with the care and careful plant culture impart to the finished product.

Clear Yellow

NON-PATENTED

GOLDEN DAWN. Yellow buds, stained crimson, opening to fragrant, well-formed Marechal Niel-yellow flowers. A superb bedding rose, remarkable for its handsome, disease-resisting foliage and steady, prolific blooming qualities.

GOLDEN RAPTURE. Fully double blooms, vigorous growers. Strong stems.

McGREDY'S YELLOW. Bright, buttercup-yellow, perfect form.

MRS. E. P. THOM. Profuse, strong, bushy plants, double pure yellow blooms.

MRS. PIERRE DU PONT. A free flowering kind, double rich yellow.

SISTER THERESE. Long stems, long attractive buds of rich yellow.

VILLE DE PARIS. Well shaped blooms of sunflower yellow. Very lasting.

White

PATENTED

SLEIGH BELLS—Pat. 946. New white, always opens, very profuse. Plenty of dark green, leathery foliage. Best new rose in its color today.

White

NON-PATENTED

FRAU KARL DRUSCHKI. Has been well called "The Snow Queen"—the standard of perfection for all white roses.

KAISERIN A. VICTORIA. Ivory white, high centered, double.

McGREDY'S IVORY. Long pointed ivory buds opening to a beautiful creamy white rose. Very long stems.

SNOW BIRD. Free flowering, sweetly fragrant, vigorous. Will always open fully—double—excellent in tree form.

Multi-Color

(Consisting of Apricot, Copper and Orange)

PATENTED

MME. HENRI GUILLOT—Pat. 337. Brilliant, satiny, raspberry-pink buds unfold into gorgeous flower. Has spicy fragrance. Luxuriant glossy foliage. Vigorous grower. Excellent.

TAFFETA — Pat. 716 (AARS). Beautiful rose-pink, long stemmed buds. Hardy upright plant.

ETOILE DE HOLLANDE

(See page 6)

GOLDEN DAWN

(See page 12)

LOS ANGELES

(See page 9)

Multi-Color

NON-PATENTED

AUTUMN. Orange and yellow hues dashed with red.

DUCHESS OF ATHOLL. Orange to bronze hues, vigorous growth.

DUQUESA DE PENARANDA. Vigorous grower, bearing a profusion of double blooms.

HEINRICH GAEDE. One of the finest. A copper orange with bright glossy foliage and good stems.

PRESIDENT HOOVER. Blend of flaming scarlet, pink, yellow, orange.

TALISMAN. A favorite variety of rich yellow and rose-red.

Two-Tone

(Contrasting Colors)

PATENTED

CALIFORNIA—Pat. 449. Color is orange yellow overlaid with rose, a dual tone of indescribable beauty. Buds long and pointed, flowers of stupendous size.

FORTY-NINER—Pat. 792 (AARS). The Forty-Niner is probably the most brilliantly colored rose ever introduced. The outside of the petals is rich chrome yellow. The inside or face of the petals is a vivid red, changing to cherry red with age. The buds are long pointed and delightfully formed. Stems are long, straight and sturdy, with few thorns. It is also resistant to disease. 1949 All-American. (By Armstrong Nurseries.)

TALLY HO—Pat. 828 (AARS). All-American winner for 1949. An excellent rose in a combination of two tones of rose and red. Is a robust grower, free-flowering, and delightfully fragrant. (By Armstrong Nurseries.)

Two-Tone

NON-PATENTED

CONDESA DE SASTAGO. (Vermilion and Yellow.)

A good grower, rich colors, fragrant, free bloomer.

Polyanthas and Floribundas

CRIMSON ROSETTE—Pat. No. 967. Many clusters of crimson hybrid polyantha type flowers. Strong grower, makes large, wellshaped head as tree rose. Mildew-free foliage.

FASHION — Pat. 789 (AARS). A truly remarkable floribunda. Outstanding for its unusual coral-peach color. A profuse bloomer.

FLORADORA (Cinnabar Red). Gayest floribunda of them all. Very satisfactory, keeps well cut. Excellent tree.

GOLDILOCKS — Pat. 672. Abundant, deep yellow clusters of continuous bloom. Beautiful glossy foliage.

PINK ROSETTE—Pat. No. 970. Brilliant, dark glowing pink. Otherwise identical to Crimson Rosette. We recommend the pink and crimson varieties as tree roses.

PINOCCHIO—Pat. 484. Extremely free flowering and prolific. The long-lasting cup-shaped flowers are a soft clear pink suffused with salmon. A vigorous, bushy grower.

Combination Varieties

Two and Three Color Novelties

(Being two and three contrasting varieties growing on the one plant)

THREE VARIETY NOVELTIES. Talisman (yellow), Contrast (pink), Red Talisman (red). Southport (red), Kaiserin (white), E. P. Thom (yellow).

TWO VARIETY NOVELTIES. J. Otto Thilow (pink), Golden Rapture (yellow). Duchess of Atholl (coppery orange), E. P. Thom (yellow). Southport (red), Kaiserin (white).

We are glad to recommend the Montebello Rose Company, Montebello, California, as a reliable source for bush and climbers. Combination orders will be gladly received.

**FORTY-NINER**

FORTY-NINER—Pat. 792. One of top ten AARS winners. Introduced by Armstrong Nurseries 1949. (See page 14.)

**SISTER THERESE**

(See page 12)

TALISMAN
(See page 14)

HEART'S DESIRE—Pat. 501. Deservedly high scoring All-America Rose selections winner. (For description see page 6.)
